AERA BIGLOOP

Multi-coloured loop pile as rolls and tiles.

ANKER

Sometimes it's the distinctive things that determine the moment. Like the imposing cloud formation that suddenly seems to bring the blue sky to life. Or the rock in the surf, which thrusts itself proudly and powerfully against the roaring spray of the sea.

Marked, robust and full of surprising effects is also AERA BIGLOOP, which knows how to set perfect accents with its coarse loop pile and distinctive textile appearance. And this pleasantly eye-catching and yet restrained, somehow colourful and yet discreet.

The multi-coloured unpatterned carpet with loop pile surface is available as rolls or carpet tiles in a total of 20 colours. The SolutionDyed® technology ensures excellent colour resistance for many years and thanks to the environmentally friendly ECONYL® fiber, AERA BIGLOOP scores not only visually but also in terms of sustainability.
